Teacher : Nicki Fielder

Principal : Mary Cuming

Class for 2011 : Year 4

Attendance: Satisfactory / ~~Unsatisfactory~~

Pupil Report

<p>Literacy and Communication</p> <ul style="list-style-type: none"> • Listening • Speaking • Reading • Writing • Viewing • Presenting 	<p><u>Oral language</u></p> <p>I am learning to speak clearly to communicate with my audience. I practise this at the bush and when I am sharing our learning at school. I listen well to others.</p> <p><u>Reading</u></p> <p>I am reading at Orange 3. My strengths are sounding out words that I don't know. I have learnt to read a bit quicker. My next step is to read and understand harder words at school and with mum and dad. I have enjoyed reading the books in Orange.</p> <p><u>Writing</u></p> <p>I am working at level 1ii. I am proud of the way I am beginning to write stories that are interesting. I am now better at sharing ideas about a person. I am beginning to add information to my topic. My goal is to write about what happened using sentences with full stops all the time. I enjoyed researching about a topic such as my gun research.</p>
<p>Mathematics</p> <ul style="list-style-type: none"> • Number • Other strands 	<p>This year I have got better at counting forwards and back from 100. I have moved from Advanced Counting to Early Additive. I need to keep practising my addition and subtraction facts to 20 though so that I remember them quickly. I have enjoyed working with my friends on our statistical investigation.</p>
<p>Integrated Topic</p> <ul style="list-style-type: none"> • Learning and Thinking Skills • Understanding • Communication and Information Technology <p>Education for Sustainability</p> <p>Key Competencies</p> <ul style="list-style-type: none"> • Managing self • Relating to others • Participating and Contributing 	<p>I was proud of my research about guns. I learnt a lot and it was a topic I am interested in. I gathered information from looking at photographs and reading the captions. Next year I will practise my research skills on another topic. I enjoy working with everyone in our class. I ask for help if I need it and carry on with my learning. I usually continue with one learning task until it is finished.</p>

Health and Physical Education	I am proud of my running because I have got a lot quicker. I was even in the Apiti relay team for my age group. We came 3 rd . I ran in bare feet, my hip wasn't sore and I practised. I have got better at throwing. Now I am going to practise catching so that this improves too.
The Arts	I really liked my pottery because it was fun to make and decorate. It looked just as I had planned. I also liked my calf because he was a lot better on the day than he was at home. I loved looking after a pet. I was especially proud of the way I worked hard to make my Forest Lighter. I learnt new skills in technology when I designed and made my Wearable Art Kiwi. Next year I am looking forward doing some more research and technology.
Personal Interest and Contribution to School life	I work with my whanau group to do the recycling. I enjoy helping my group do this every day. Reading my poem in the bush is a challenge because it has new words. I am going to learn this better. Next year I will try my hardest and join in with everything.

Teacher Comments:

This is a true and accurate record of Travis' learning and progress this year. Travis has slotted into the senior room with ease. He understands what is expected, asks for help when he needs it and is a motivated learner. Travis ensures he reads every day. Keep this up Travis as practice makes perfect! Have a fantastic holiday Travis and I look forward to another great year of learning in 2011!!
